* British Museum, Cottonian MSS, Faustina E. ii.—In hand *temp.* Elizabeth. This list is referred to in Mr. Sims's valuable *Manual for the Herald and Genealogist*, but I am not aware that it has ever been noticed by any writer upon Kent. I have appended four notes containing monumental inscriptions, etc., relating to persons recorded, and have numbered each entry in hope that some one may find time to more fully annotate it, when the presence of these numbers will, I think, facilitate allusions to the list.

The leaves containing these catalogues of the Gentry of Gloster, Hants, Kent, Lancaster and Wilts *temp.* Henry VII., appear to have been misplaced when the MS. volume in which they are included was bound. Column 1 on the first folio (*i.e.* 216, on the 2nd column of which the Kent portion begins) is evidently occupied by the termination of one of the other lists. There are only five folios in all. Kent ends with the 2nd column of 217^b. With column 1 on fo. 218 commences Wilts. On 218^b we have Hants; and on 219 Gloster. The list for co. Lancaster begins on 220^b and is continued on 220, the leaf having been reversed in binding. Possibly the five leaves are merely a portion of a larger collection.
