

KENT ARCHÆOLOGICAL SOCIETY LIBRARY

FIFTH INSTALMENT

LELAND DUNCAN MS. NOTEBOOKS

AFTER Leland Duncan's death in 1923, the Society was given his MSS. by his sisters. The MSS. consist of notebooks and loose sheets contained in bundles and a typewritten list made by our member, A. R. Martin, is in the library. This list details the miscellaneous contents of the bundles, but in the list printed below only the notebooks, mainly concerned with Duncan's most important work on wills and monumental inscriptions are included. In addition, a quantity of small, working notebooks in pencil, not included in Martin's list, are listed. These contain copies of monumental inscriptions from churches and churchyards, many of them not copied into the large notebooks by Duncan. They are not necessarily complete records for each church, but some of them contain plans of the churchyards, with the graves numbered.

D. B. KELLY

WILLS

Rochester Consistory Court
