F4: SMALL PEDESTALLED BOWLS WITH SPLAYED RIM

Cf. lid form L10.

Notes
A Herts, form that may owe something to imported forms; it has a wide date range for so uncommon a shape. The Welwyn vessels already have the orange surfaces that later is an effect used in copies of TR. Compare also Harrold, pit, no. 100; shell-tempered.
F4: small pedestalled bowls with splayed rim.
