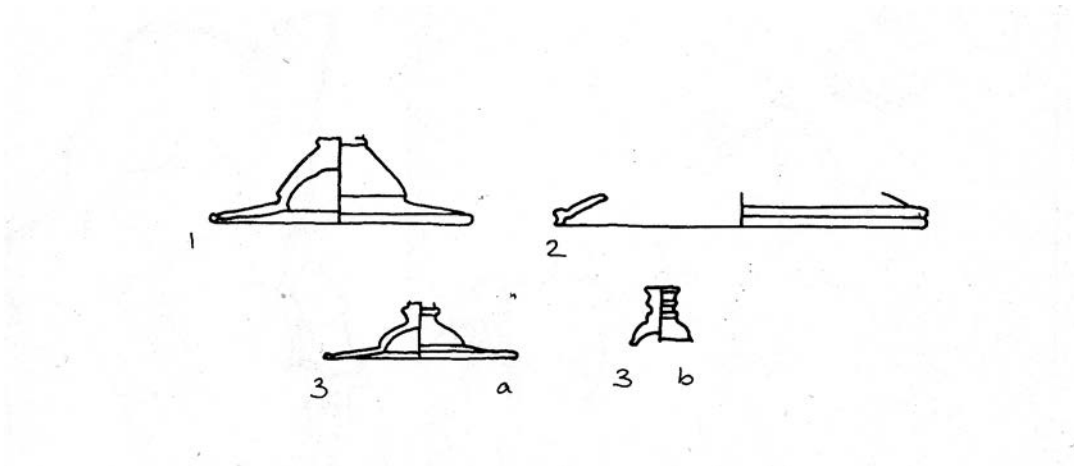
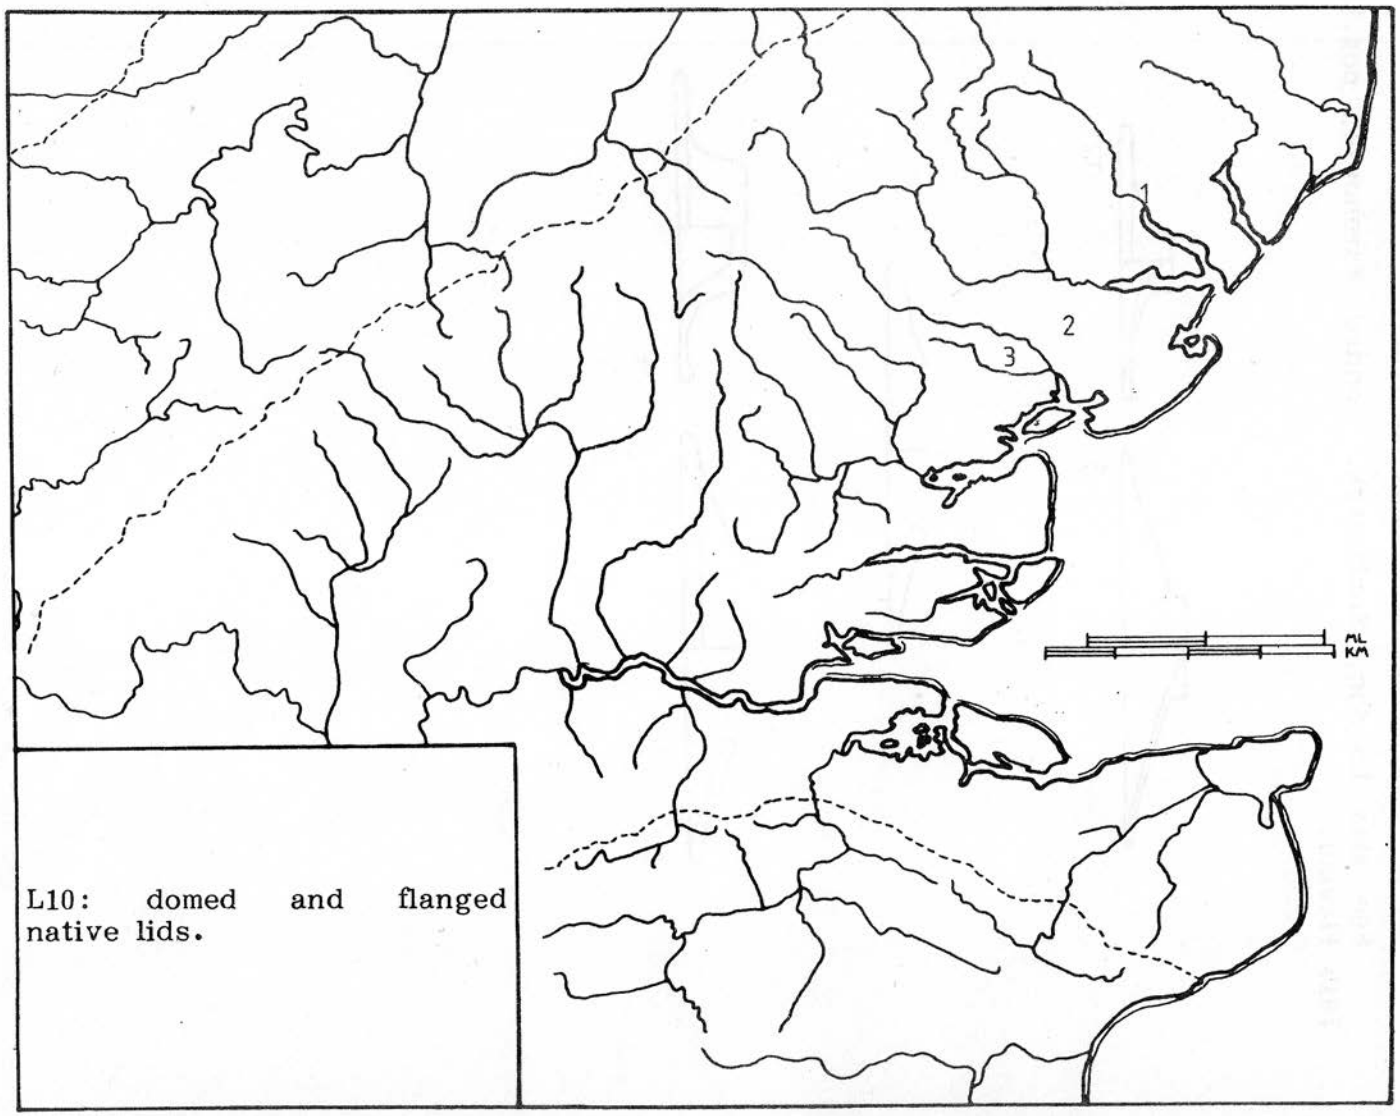
L10: DOMED AND FLANGED NATIVE LIDS

1	Ipswich, Dales Road [1116].	3B	●
2	Ardleigh [1227].	-	o
3	Colchester, Sheepen, Cam. lid 16: romanising.	-S	●

Notes

These highly skilled pieces have a restricted distribution, and the evidence points to a post-conquest date: the jar covered by the Ipswich lid is of B3-8 form but in a very Roman fabric. All may have come from Colchester.





L10: domed and flanged native lids.
